RINGSPANN, Bad Homburg
Innovative Power Transmission Components, Clamping Fixtures and Remote Control Systems

RINGSPANN was founded in 1944 and is headquartered in Bad Homburg near Frankfurt, Germany. The group has eleven production plants in Germany and abroad and employs worldwide more than 575 people in 23 companies.

RINGSPANN is a leading technology manufacturer in freewheels, brakes, shaft-hub-connections, overload clutches and couplings. It also leads in precision clamping fixtures and remote controls. RINGSPANN's service portfolio ranges from consultation and design and development, right through to the production of ready-to-install components. Customer training and aftersales support round off the RINGSPANN portfolio. RINGSPANN is considered a premium manufacturer in all product segments, and is international market leader in the area of freewheels.

Annually RINGSPANN supplies around 7.500 customers worldwide in the industries of industrial gears and geared motors, mining, harbour and industrial cranes, marine and offshore, steel and metal plants, cement plants, material handling, energy plants, E-Bike drives, mobile hybrid drives and E-Mobility, pulp and paper, food and packaging machines, vehicle construction, rail, machine tools and general machine building. RINGSPANN is certified to ISO 9001 and ISO 14001.

RINGSPANN will be present at several national and international trade fairs over the next few months.
